

MCI Project Weekly Time Sheet

Team 3 Student ID a1801895 Student Name Nhu Quynh Hoa Week starting: 11/4/21

Day	Date	Time In	Time Out	Total hours	Task	How does it fit to project plan?	Outcome/Next action
Sunday	11/4/21	10:00 AM	11:00 AM	1:00	Revising the project architecture and class diagram & Rehearsing for the presentation	Project architecture and class diagram is one of the activities of our 1st milestone.	To present the project architecture and class diagram during the next client meeting.
Monday	12/4/21	10:00 AM	11:00 AM	1:00	Attending the 6th client meeting	We updated the client with the project progress and received their feedbacks.	To plan our tasks based on the client's feedbacks and demands.
Monday	12/4/21	11:00 AM	11:30 AM	0:30	Attending the 17th internal team meeting	Right after the meeting with the client, our mind was fresh and we were able to come up with the to-do list easily.	We managed to plan the tasks according to the client's feedbacks.
Monday	12/4/21	8:00 PM	12:00 AM	4:00	Researching backend-frontend (Django-React) integration	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Completed the 2 online courses on LinkedIn Learning to understand the integration concepts: https://www.linkedin.com/learning/building-react-and-django-apps/creating-a-viewset-with-django?u=79987266 and https://www.linkedin.com/learning/building-restful-web-apis-with-django/create-a-rest-api-with-django-and-django-rest-framework?u=79987266
Tuesday	13/4/21	12:00 PM	10:00 PM	10:00	Setting up backend-frontend (Django-React) integration	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Managed to set up the API using Django REST framework for Django to push data out.
Wednesday	14/4/21	7:00 PM	10:00 PM	3:00	Restructuring of the project code to follow the project architecture	This is a preparation step for the milestone 1 submission	Committed the new code changes to a new branch called "Integration"
Wednesday	14/4/21	10:00 PM	11:30 PM	1:30	Attending the 18th internal team meeting	The meeting was when we updated the status of our assigned tasks and planned the tasks for the coming week.	Every member was on the same page about the project requirements and what to do next.
Thursday	15/4/21	12:00 PM	10:00 PM	10:00	Setting up backend-frontend (Django-React) integration (cont.)	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Managed to get React to retrieve data from the API using Django REST framework.
Saturday	17/4/21	12:00 PM	4:00 PM	4:00	Researching and Preparing slides for integration architecture approaches	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	To present the approaches during the internal team meeting to get feedbacks before presenting them during the client meeting.
Saturday	17/4/21	10:00 PM	12:00 AM	2:00	Attending the 19th internal team meeting	The meeting was when we updated the status of our assigned tasks and planned the tasks for the coming week.	Every member was on the same page about the project requirements and what to do next.
Sunday	18/4/21	10:00 AM	10:30 AM	0:30	Reviewing and Revising the agenda for Jon to submit	The agenda is part of the course assessment and sent to the client so we need to make sure that it is well-presented.	The agenda is finalised before it's sent out and submitted.
Monday	19/4/21	10:00 AM	11:00 AM	1:00	Attending the 7th client meeting	We updated the client with the project progress and received their feedbacks.	To plan our tasks based on the client's feedbacks and demands.
Monday	19/4/21	11:00 AM	11:30 AM	0:30	Attending the 20th internal team meeting	Right after the meeting with the client, our mind was fresh and we were able to come up with the to-do list easily.	We managed to plan the tasks according to the client's feedbacks.
Monday	19/4/21	8:00 PM	8:30 PM	0:30	Reviewing and Revising the meeting minutes for Thanh to submit	The meeting minutes is part of the course assessment and sent to the client so we need to make sure that it is well-presented.	The meeting minutes is finalised before it's sent out and submitted.
Monday	19/4/21	8:30 PM	12:30 AM	4:00	Researching the integration approach React-Express-SQLite to compare with the Django REST API approach	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	After the research we decided not to go for this approach due to the complication in maintaining 3 servers for Django, React and Express.
Tuesday	20/4/21	10:00 AM	12:00 PM	2:00	Fixing the bugs with the integration setup	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Not all the bugs were fixed. To discuss with the team during the internal team meeting to find out what went wrong
Tuesday	20/4/21	1:00 PM	5:00 PM	4:00	Preparing Milestone 1 report	Milestone 1 report is part of the course assessment	To present the report during the next internal team meeting
Wednesday	21/4/21	10:00 PM	12:00 AM	2:00	Attending the 21th internal team meeting	The meeting was when we updated the status of our assigned tasks and planned the tasks for the coming week.	Every member was on the same page about the project requirements and what to do next.
Wednesday	21/4/21	12:00 AM	2:00 AM	2:00	Fixing the bugs with the integration setup (cont.)	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Got some ideas on what went wrong and would continue working on the bug fix
Friday	23/4/21	8:00 PM	12:00 AM	4:00	Fixing the bugs with the integration setup (cont.)	Integration between frontend and backend is one of the most important tasks of the project which allows the frontend to query data stored in the backend database. It is the first activity of our 2nd milestone that we need to achieve so that other frontend related activities can proceed.	Completed with the integration between backend and frontend.
Saturday	24/4/21	1:00 PM	2:00 PM	1:00	Revising the milestone 1 report based on other team members' comments	Milestone 1 report is part of the course assessment	To finalise the report for submission
Saturday	24/4/21	2:00 PM	4:00 PM	2:00	Finalising the application architecture and database design in preparation for the 1st milestone submission	Application architecture and database design are the two documents we have to provide for the Milestone 1	To present to the team during the next internal team meeting before submitting to "master" branch on GitHub
Saturday	24/4/21	4:00 PM	5:00 PM	1:00	Preparing timesheet for the 2-week break and Uploading the timesheet to GitHub	When preparing the timesheet, I reflect on what I have and have not achieved during the week so that I can monitor my tasks more effectively to keep up with the project pace.	To prepare proposed timesheet for week 7
